

I applaud XM for giving me what I need to safely and efficiently navigate the streets of Phoenix. Their inclusion of continuous 24 hour traffic and weather reports is vital to me and my travels in and around Phoenix. XM's 24 hour Traffic and Weather reports allows me to check current conditions any time "with out" listening to endless minutes of "drive time crap talk". Those reports are only broadcast every 20 minutes at best. And when the local traffic reports are broadcast, they are brief and never comprehensive, only covering a small part of the city.

I pay for these services and it should not be up to the National Association of Broadcasters to dictate what I am permitted to hear. I Respectfully urge the FCC to reject the NAB's petition 04-160 and to support XM's ability to provide the kind of programming that I demand and deserve.

REspectfully
